

HOW CAN THIS TOOLKIT HELP YOU?

1

You are part of a team in a large company and you have already planned an activity, event or training resource that promotes digital literacy and coding? Great – this toolkit will help you align this with EU Code Week and become part of its family, promote your event and maximize its impact and reach!

2

Maybe you are a small company that doesn't have any specific CSR plans and wish to get inspired? No worries, this toolkit will help you to get new ideas, design and implement them!

3

You are a young entrepreneur or innovator but don't know how to make an impact with no other resources than a couple of hours? Have no fear, this toolkit will give you ideas on volunteering and partnering up with local schools for short inspiring sessions with young minds!

4

You are managing a cluster or chamber of commerce and want to bring your members together to support the future of your industry? You can use the toolkit to reinforce your role as the bridge between your members, and offer ideas for joint initiatives (e.g. a hackathon on common challenges) that benefit both the community and your members' long-term goals!

5

You are part of a professional body or a volunteer network of driven experts who are keen to make a difference and to inspire youth to follow similar careers, but don't know how? You can use this toolkit to set up a mentorship program that will enhance the digital capabilities of the future workforce in your field!
